Brian Sales, Co-Founder and Chair

Veteran and Green Veteran Group co-founder Brian Sales, has more nine years' experience in the US Army, including one tour in Kosovo and two combat tours in Iraq in support of "Operation Iraqi Freedom." Brian has supervised and trained personnel in supply management, vehicle operations/maintenance, security and safety operations, and combat operations. Brian was recognized by senior management for teaching, coaching, mentoring, and counseling more than 500 future leaders, and for achieving a 95+% academic average for all graduating students while serving as a Warrior Leadership Course instructor. Brian's specialties include safety and security consulting, project management, technical and tactical planning, construction management, alternative and renewable energy management, and sustainability. He is a graduate of the Veterans Entrepreneurship Program from the University of Florida, and holds a degree in Alternative and Renewable Energy Management.

Brian is passionate about assisting fellow Veterans by introducing them to green building and sustainable practices. He currently Chairs the USGBC's Green Veterans Group and is also the USGBC Students Regional Chair for South Florida and Puerto Rico, and works for Sublime Soil as the company's Chief Environmental Officer.
